MANUFACTURERS AND EXPORTERS OF -

GRANITE, SANDSTONE & MARBLE.

INTRODUCTION

WE UNIQUE MARBLE are serving this stone industry since year 1992. through all these years of experience of more than 25 years we have mastered the skill of manufacturing and processing of **Granites , Sandstones, Marble, Limestones, Basalt, Pavers ,Coping/treads, Steps , Pier caps, Kerbs/step fillers, Lenticles, Slates, Veneers & corners,Veneer sheets.**

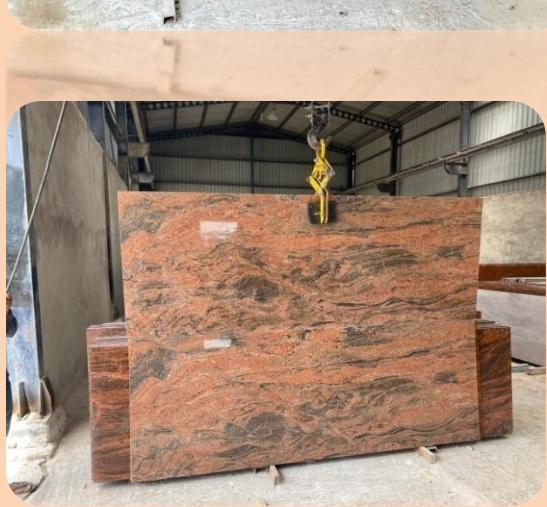

We have a team of quality control who looks after the material thickness , polishing , finishing etc at the time of processing of the material to deliver the premium quality of stones for our foreign and local clients. We are processing the stones in thickness like 2CM ,3CM, 4CM etc as per the client's requirements. Customised finishes other than Diamond polished material like Leather-finish, Lapatro, Flamed, Shortblast, Sandblast, Aquablast, Sawn, etc are also provided as per the requirements of the customer.

VISION & MISSION :- Touching every life across the globe through quality products and services. We will drive growth through our excellence in mass manufacturing. We will move up our value chain through rapid development of technology, premium quality products and services. We will leverage our relationships, distribution, and can do attitude to become a global market leader as Stone Manufacturer and Exporter.

We offers

Granites:-

We are processing and **exporting more than 100 types of Indian granites** from all parts of the nation. The material is available in Gangsaw, mini-gangsaw, cutter slabs, tiles, steps and risers sizes. Generally we are processing the material in 2 cm and 3 cm thickness but customised thickness material of 4cm, 6cm, 8cm etc are also processed as per the client's requirements. Some of the best selling granites that we offer includes Absolute-black, Black-Galaxy, Platinum-white, Imperial-red, Markino-black, Tiger-brown, Alaska-white, Alaska-pink, Shiva-gold, Viscon-white, etc to name a few.

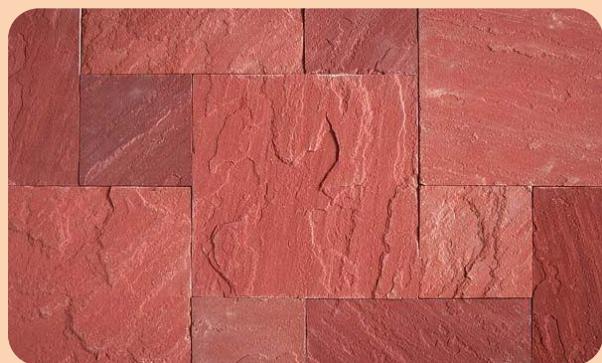

Marbles:-

We are processing Indian marbles like Fantasy Brown , Indian Black veiny Indian satuario, Indian calacutta, Indian purple white, Imperial Indian venation marbles in thickness 2cm and 3cm.Gang saw slabs, Cutter slabs, tiles are processed regularly. Mainly we are processing these marbles in tiles sizes and for staircase (Steps and risers).

Sandstones:- We are processing sandstones like Teakwood,

Rainbow, Dholpur-beige, Dholpur-red, Gwalior mint,kandla grey and other sandstones in various sizes like 60x30, 60x60, 30x30, 60x90, 90x30,60x40, 80x40 etc in thickness 2cm,3cm,4cm and others as per the requirements of the customers. Gangsaw and cutter slabs are also available. We offer these sandstones in honed, flamed, shortblast, sandblast, aquablast, sawn, finishes as per the requirements of the customer.

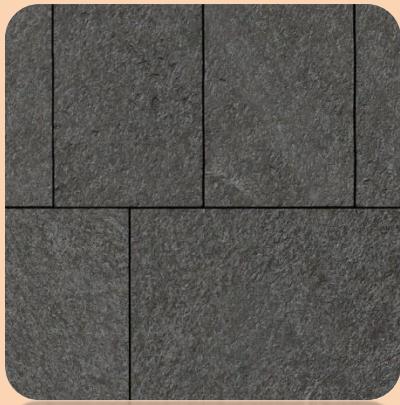

Dual side polished Granites :-

Being used in various places we are also processing granites in dual side polished form in thickness like 3cm ,5cm , 6cm etc. Customised thickness with sizes are also processed.

Limestones and Pavers :-

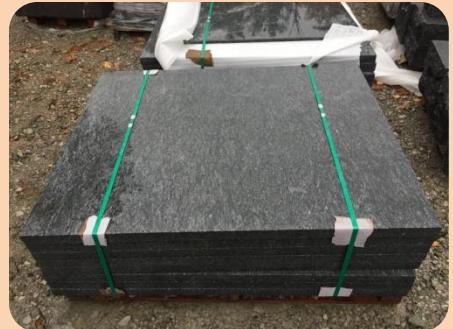

We unique marble are one of the leading manufacturers and exporters of Indian limestones used mainly for paving and wall cladding. Some of them includes kota blue limestone, autumn brown, sagar black limestone, tandur grey, tandur yellow, ocean black, limestones etc.

Granite & stone steps and Flagstones :-

We unique marble are one of the leading manufacturers and exporters of granite and stone steps and flagstones in various stones like kadappa black , rajasthan black granite , black markino granite, sagarblack stones, bijoliya grey and others as per client's customized sizes , thickness and finish.
